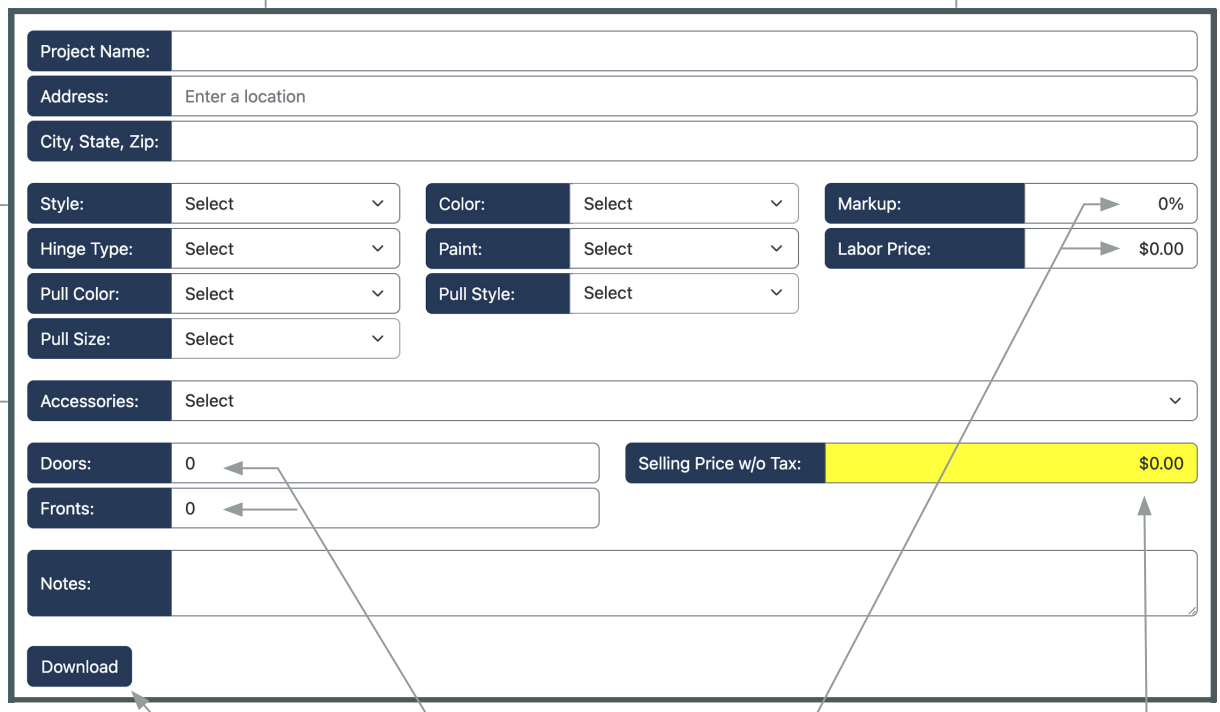
Getting a quote is easy for NREIA members.

How to use the QwikQuote tool.

1 Enter your project location.



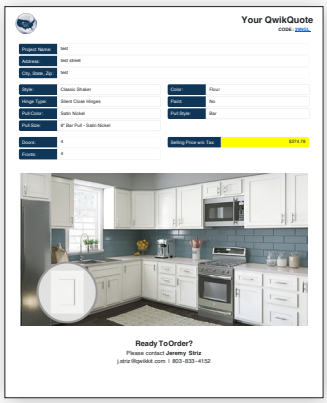
2 Choose your styles, colors, hinges, pulls and accessories from the drop-down fields.

3 Enter the number of cabinet fronts & drawer fronts you need.

4 Enter your markup and labor price (if applicable).

5 Your Total Price will be calculated and shown here.

6 Click the download button to create and download a PDF.



PDF includes an example of the style and color. Markup and labor price will be calculated but not displayed.
